UNID Global Corp.

## Beginning of UNID Global Corporation

Explosion of potential since founded in September, 1994

Founded in September of 1994 under the name of 'Chemtech' with business venues of importing chemical products and raw materials, Chemtech changed its corporate name to OCI Corporation immediately after acquiring the international marketing department from OCI Company Ltd. (formerly known as Oriental Chemical Industries Co.) in 1997.

OCI Corporation has successfully solidified its presence as a world-renowned general trading company after adding exporting operation to its business venue in addition to the imports while strengthening global network. Subsequently, it accumulated remarkable accomplishments relatively in short period of Time as it was honored with the Export Tower of Presidential Award sponsored by KITA for \$100 Million in 1998, \$200 Million in 2004, \$300 Million in 2007 and \$400 Million in 2008. and in September 2017, the day of 23th foundation, we changed our company name to UNID Global Corporation.

## The Growth Continues

### Persistent Pioneering of Global Market & Procurement of Long-term Partnership

UNID Global Corporation supplies competitive chemical products as well as other relevant products by enhancing its professional marketing efforts based on complete industrial information gathered through powerful national and international network, which empowers UNID Global Corporation to be a leader of chemical engineering in Korea.

Global network has been further enhanced as UNID Global Corporation established its local corporation in 5 countries in addition to foreign branches in 8 countries in order to continue its effort to pioneer the global market, which led UNID Global Corporation to successfully build a solid global network throughout China, Southeast Asia, Middle East, Europe and America.

Moreover, UNID Global Corporation has been able to supply a variety of raw materials of chemicals and other specialized items to domestic market through its powerful global network. This global network also helped UNID Global Corporation to expand its import & distribution network as well as to secure long-term Agencyship with world-renowned companies including Celanese Chemical (USA), Arkema (France), US Borax (USA), Elementis (UK), Oxiten (Brazil).

## Future Prospect of UNID Global Corporation

Aiming at Higher Value Business Venue with Specialized

UNID Global Corporation is determined to continue our utmost effort to enhance systematic marketing Activities to contribute to the success and growth of the customers as well as our own until the day that all of our customers fulfill make their dreams come true. UNID Global Corporation is dedicated to pursuing future business venues which create higher values with specialized services while placing our customers at the top of our priority.

### 1994~1999

#### Foundation of OCIC & awarding 100M Tower of Export

- '98.11 Won the prize of U\$1.0M export
- '97.07 Established Manila, and Jakarta office
- '97.06 Acquired OCI Hong Kong from OCI Co.
- '97.02 Changed name to OCI Corporation
- '94.09 Established Chemtech Co.

### 2000~2009

#### Times awarder of the tower of Export

- '08.12 Established Hochiminh office
- '08.11 Won the prize of U\$4.0M export
- '07.11 Won the prize of U\$3.0M export
- '06.08 Established Shenyang office
- '04.11 Won the prize of U\$2.0M export
- '04.08 Established Mumbai office
- '04.01 Acquired OCI Int'l Inc. from OCI Co.
- '03.10 Established OCI Shanghai Ltd.

### 2010~2020

#### Advancing Present of UNID Global Corp

- '17.09 Changed name to UNID Global Corporation
- '15.10 Established Istanbul office
- '11.09 Established OCI-UNID Phils., Inc.
- '11.07 The company relocated head office to "66, Suha-dong, Jung-gu, Seoul"
- '10.11 Established OCIC-UNID Europe B.V.
- '10.07 Established Lima office

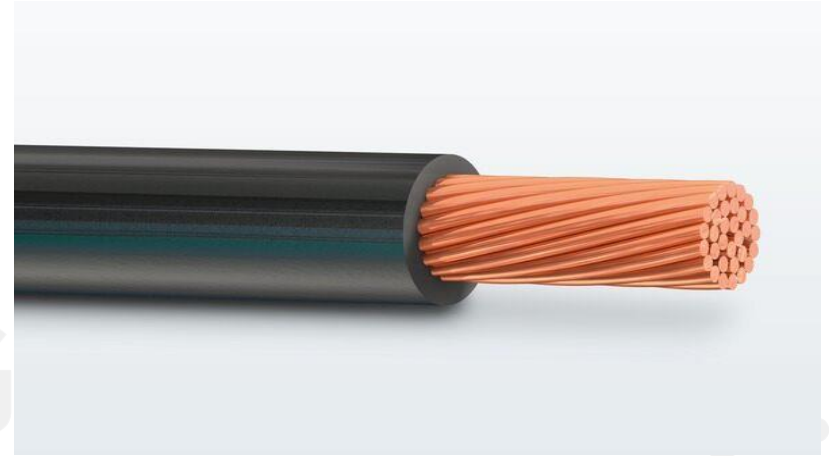

## Polyurethane

UNID Global Corporation is one of the most reliable supplier in Polyurethane business and also has a long experience based on good relationship with customers.

Since we handle TDI, MDI, Polyol and other additives, like as Methylene Chloride together, we can provide more higher satisfaction to customers in this field.

## Synthetic Resin

UNID Global Corporation started to handle these items from 2010 with exceptional support from many conglomerates. We source our products from leading manufacturers in Korea and all over the world and take care of various polymer material like general-purpose polymer (PE, PP, ABS, PS, PVC, PET...).

Our long standing business partnerships result in the most cost advantageous solutions for you as we aim to provide our clients with superior goods at competitive prices.

## Petrochemical Solvents

UNID Global Corporation engaged in trading & distribution of petro & coal base solvents to cover paint, coating, adhesive & electronic & agriculture industry and we have distribution business in Korea, China, USA, Europe & Philippines.

Hydrocarbons/ Ketones/  
Alcohols/ Esters/ Monomers  
Glycol Ethers & Esters/ Acetic  
Acid & Acetate

## Inorganic Chemical

UNID Global Corporation has a long experience in this field and has been expanding its market to make the best relationship with customers. Especially in following industries, we supply various Inorganic Chemicals or relatives accordingly.

Mining (Sodium Cyanide etc.)/  
Textile, Pulp & Papers (H<sub>2</sub>O<sub>2</sub> etc.)  
Detergent (SPC etc.)/  
Sealant & Paint (Fumed Silica etc.)  
Powder Coating (Neopentyl Glycol etc.)

## Rubber & Rubber Chemical

UNID Global Corporation has earned itself a good reputation for its performance in supplying rubber chemicals and dedication to develop new products for its customers to provide higher level of satisfaction.

It supplies carbon black, rubber accelerators, antioxidants, zinc oxide, sulfur, surfactants, titanium dioxide, stearic acid and synthetic rubber as SBR. SBS. NBR. BR. EPDM and so on.

## Feedstuff & Fertilizer

UNID Global Corporation is the one providing livestock feedstuff to domestic market as it import a diversified range of products from China, Philippines, USA, Vietnam, India and Malaysia and so on.

UNID Global Corporation also performs not only chemical fertilizers, but is enlarging organic fertilizers.

Rape Seed Extraction  
Meal /  
Castor Seed Extraction  
Meal / Copra Meal /  
Palm Kernel Expeller /  
Cotton Seed meal /  
Hull DCP / DDGS

## Solvent & Monomer

### < Main Item >

UNID Global Corporation has a variety of overseas and domestic suppliers. We import and distribute raw materials used in paint, ink, solvent, electronic, semiconductor, and so on.

- Ethyl Acetate/Butyl Acetate/Iso-Butyl Acetate (Saudi, Singapore, U.S.)
- Dimethyl Formamide/MEG/DEG (China, Japan, Malaysia, Thailand)
- Methyl Ethyl Ketone (China, Japan)
- Butyl Acrylate/2-Ethyl Hexyl Acrylate (China, Japan)
- Butanol/Methanol (Malaysia, Taiwan, U.S.)

## Inorganic Chemicals

### < Main Item >

UNID Global Corporation import and distribute chemical products that are not produced much in Korea. These materials are used in various industries such as textiles, pesticides, detergents, water treatment, food additives, leather, glass, etc.

- Borates (U.S.)
- Chromium (U.S.)
- Caustic Soda (Taiwan)
- Yellow Phosphorus (Vietnam)
- Sodium Bicarbonate (Turkey)

## Export Products List

ABS/SAN/PS

Acetic Acid 80% 99.85%

Acetone

Activated Carbon

Ammonium Nitrate

Base Oil

Carbon Black

Castor Seed Meal (CSM)

DICALCIUM PHOSPHATE (DCP)

DIMETHYLAMINE, 60% SOLUTION

Dried Distiller's Grains with Solubles(DDGS)

DINP

DOP

DOTP

ECH

Fumed Silica

Flocculant

Hydrogen Peroxide 35%, 50%, 60%

IPA

LABSA 96%, LAB

Maleic Anhydride

MC (Methylene Chloride)

MDI

MEG

MIBK

NPG (NEOPENTYL GLYCOL FLAKE)

PA

PEG4000

Phenol

Polyol

PTA

PVC

Rape Seed Meal (RSM)

SBR

SBS

Sodium Cyanide

SPC

TDI

Titanium Dioxide

VAM

VPEG

## Import Products List

|                             |                                     |                               |
|-----------------------------|-------------------------------------|-------------------------------|
| 2EHAM                       | Citric Acid                         | PA Polyol                     |
| Acetone (Kumho P&B)         | Chlorinated Paraffin Wax            | Paraffin Wax 135F, 145F, 155F |
| Acrylic acid                | Crude Benzene                       | Paraffin Wax 5860, 6062       |
| Alumina/Aluminium Hydroxide | Cyclohexanone                       | PET (TK, SK, KP)              |
| Ammonium Bicarbonate        | DEG                                 | PM                            |
| Ammonium Chloride           | EC                                  | PMA                           |
| Antimony Trioxide           | Ethyl Acetate                       | Refined Salt                  |
| BAM                         | EVA                                 | Soda Ash                      |
| Barium Carbonate            | Fertilizer                          | Sodium Acetate                |
| Barium Chloride             | Formic Acid                         | Sodium Bicarbonate            |
| BC/MTG/BDG/MPEG (Hannong)   | IPA                                 | Sodium Bichromate             |
| Borax                       | Iso-Buthanol                        | Sodium Metabisulphite         |
| Boric Acid                  | KOH, K <sub>2</sub> CO <sub>3</sub> | Sodium Nitrate                |
| BPA (Kumho P&B)             | MEG                                 | Sodium Sulphite               |
| Benzen                      | MEK                                 | Sodium Sulfide                |
| Butyl acetate               | Methanol                            | Urea                          |
| Calcium Chloride            | MIBK (Kumho P&B)                    | VAM                           |
| Calcium Nitrate             | Micro Wax Himic 1070, 2095          | Xylene(OX,PX,MX)              |
| Caustic Soda (Liquid)       | Mono Potasium Phosphate             | Yellow Phosphorus             |
| Caustic Soda(F-Formosa)     | MMA                                 | Zeolite(Colite)               |
| Caustic Soda(P-Formosa)     | Nitric Acid                         | Zinc Borate                   |
| Chromic Acid                | Oxalic Acid                         |                               |
